

Documents (Corpus)

Sarmad Motors Pakistan (Pvt) Ltd

Purpose

The Documents module is the company's knowledge corpus. Every policy, SOP, FAQ, compliance, safety, process manual, role description and department guideline lives here. Each document is uploaded as a PDF or DOCX; SkillSprint parses it, chunks it, and indexes each chunk for retrieval during plan generation and validation.

Why this matters

SkillSprint's core promise is *source-cited* onboarding. Every module, task, quiz and assessment in a generated plan must trace back to a real document chunk. If the corpus is empty, the AI has nothing to cite; if the corpus is stale, the AI cites out-of-date rules. The Documents module is therefore the single most important seed step.

Twenty-five documents in the corpus

Code	Name	Type	Department
POL-01	Employee Handbook	handbook	All
POL-02	HR Policy Manual	hr_policy	Human Resources
POL-03	Data Privacy Policy	data_privacy	All
POL-04	Information Security Policy	info_security	All
POL-05	Workplace Conduct Policy	workplace_conduct	All
SOP-01	Sales Escalation SOP	sop	Sales
SOP-02	Service Reception SOP	sop	Service
SOP-03	Test Drive SOP	sop	Sales
SOP-04	Warranty Claim Processing SOP	sop	Service
SOP-05	Vehicle Pre-Delivery Inspection SOP	sop	Quality Assurance
SOP-06	Marketing Campaign Approval SOP	sop	Marketing
SOP-07	Incident Response SOP	sop	IT
FAQ-01	General Employee FAQ	faq	All
FAQ-02	Benefits FAQ	faq	Human Resources
COMP-01	OEM Dealer Standards Compliance	compliance	All
COMP-02	Environmental Compliance	compliance	All
SAFE-01	Workshop Safety Manual	safety	Workshop
SAFE-02	Vehicle Delivery Safety Checklist	safety	Sales
PROC-01	Employee Onboarding Process	process_manual	Human Resources
PROC-02	Change Management Process	process_manual	IT
ROLE-01	Sales Executive Role Description	role_description	Sales
ROLE-02	Service Advisor Role Description	role_description	Service

ROLE-03	Mechanical Technician Role Description	role_description	Workshop
DEPT-01	Finance Department Guidelines	department_guideline	Finance
DEPT-02	Customer Handling Protocol	department_guideline	Customer Care

Field notes

- **doc_code** - short human-readable identifier (POL-01, SOP-04). Must be unique and stable.
- **doc_type** - one of: handbook, hr_policy, data_privacy, info_security, workplace_conduct, sop, faq, compliance, safety, process_manual, role_description, department_guideline. Drives retrieval weighting.
- **Department** - optional. Filters retrieval to role-relevant documents.
- **Version** - every upload creates a version. Superseding a document with a new version triggers the *Policy Impact* flow: existing plans citing the old version are flagged for regeneration.
- **Chunking** - documents are split into paragraph-level chunks. Chunks are TF-IDF-indexed. Adversarial content (prompt injection) is detected chunk-by-chunk and excluded from AI context.

Individual document PDFs

The **Documents/** folder contains one PDF per corpus document. Upload each of these through the Admin → Documents → Upload button. Fill in the doc_code, name, type, department, effective date and version label from the table above.
